Securing Ratchet Tie-Downs

Note: Use these instructions in the pages that follow.

1. Thread the strap through the Ratchet's (8) spindle as far as it will go.

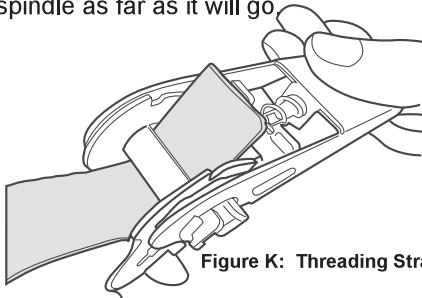

Figure K: Threading Strap through Spindle

2. Insert the S-hook of the Ratchet into the hole in the Corner Leg (6).

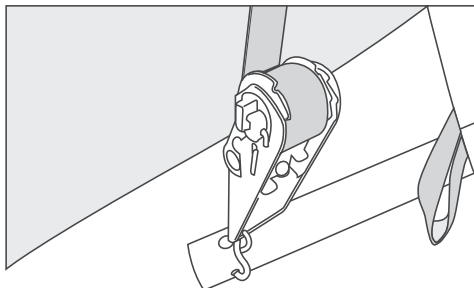

Figure L: Inserting Hook into Corner Leg

3. Lift and lower the Ratchet's handle to wind and tighten the strap onto the spindle.

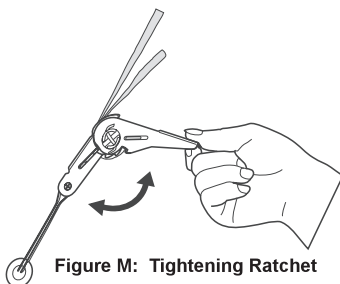

Figure M: Tightening Ratchet

NOTICE: Excessive tightening will damage straps, Covers, and Corner Legs.

Releasing Ratchet Tie-Downs

1. Depress the spring-loaded bar on the handle.
2. Open Ratchet handle completely.
3. Unwind the strap.

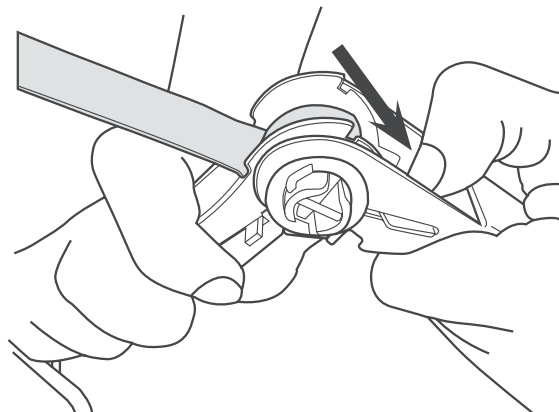

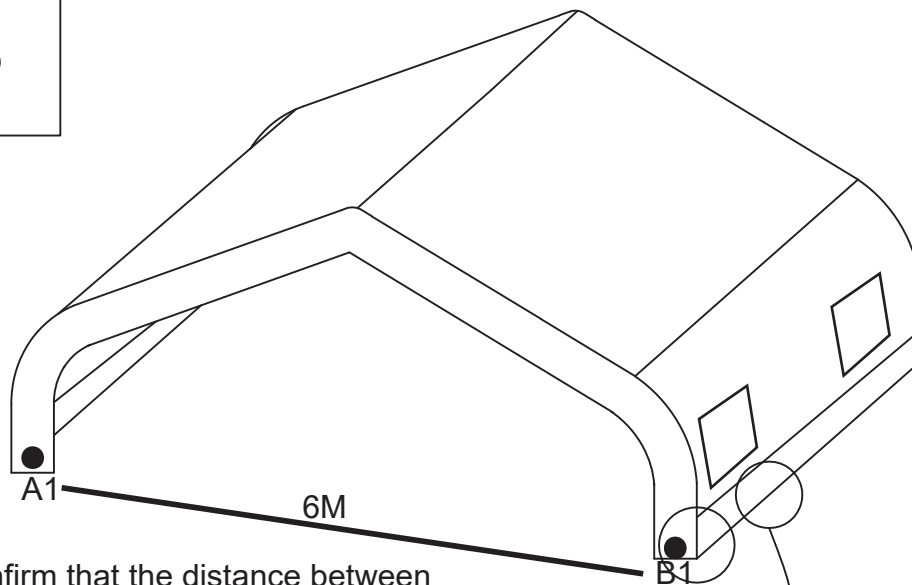

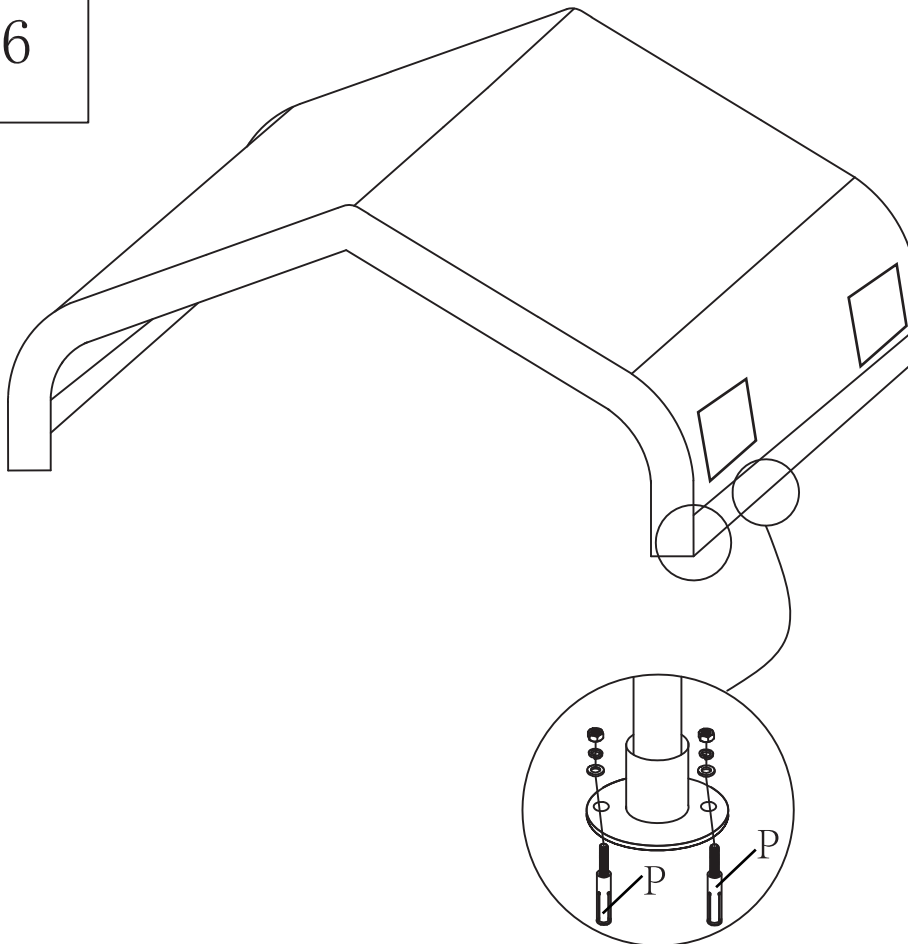

Figure N: Releasing Ratchet

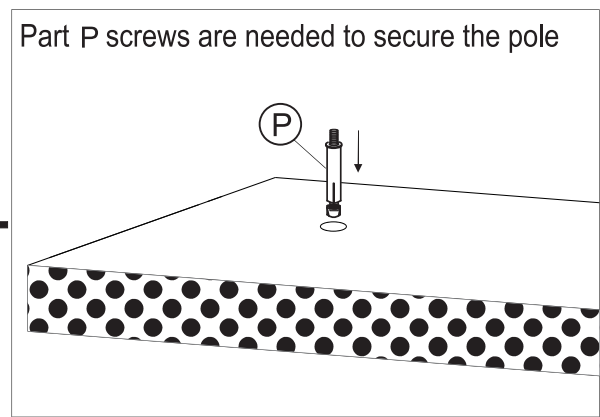

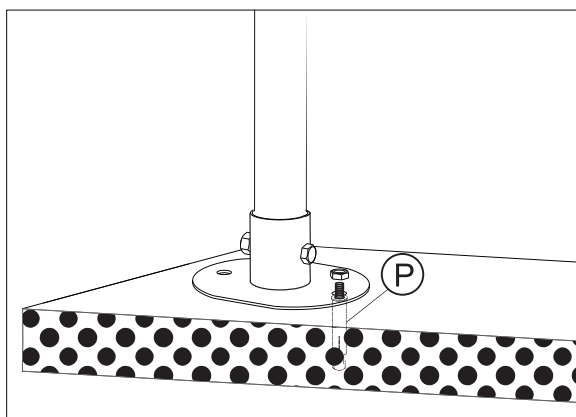

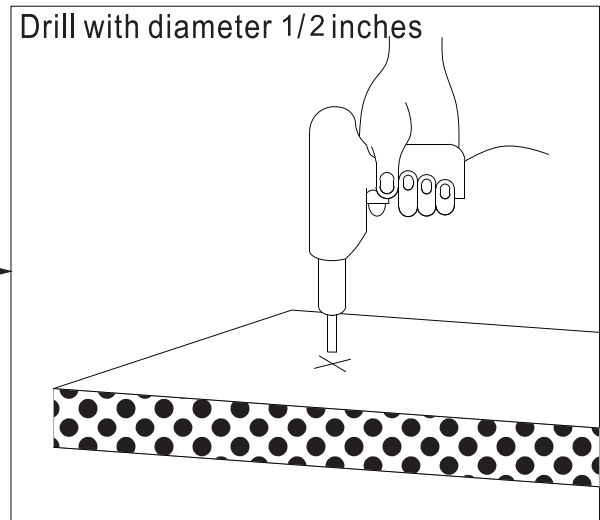

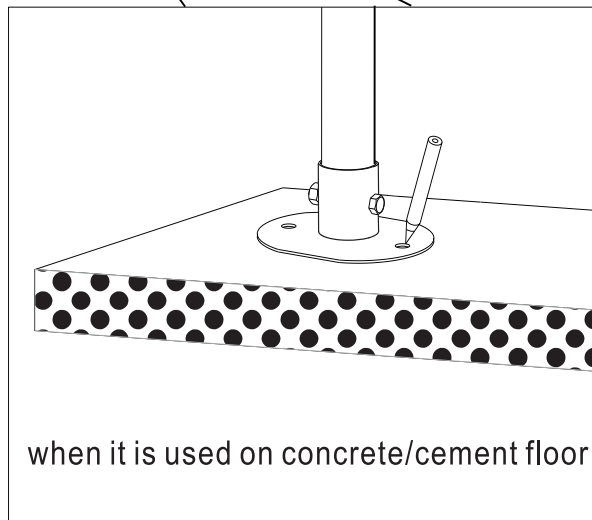

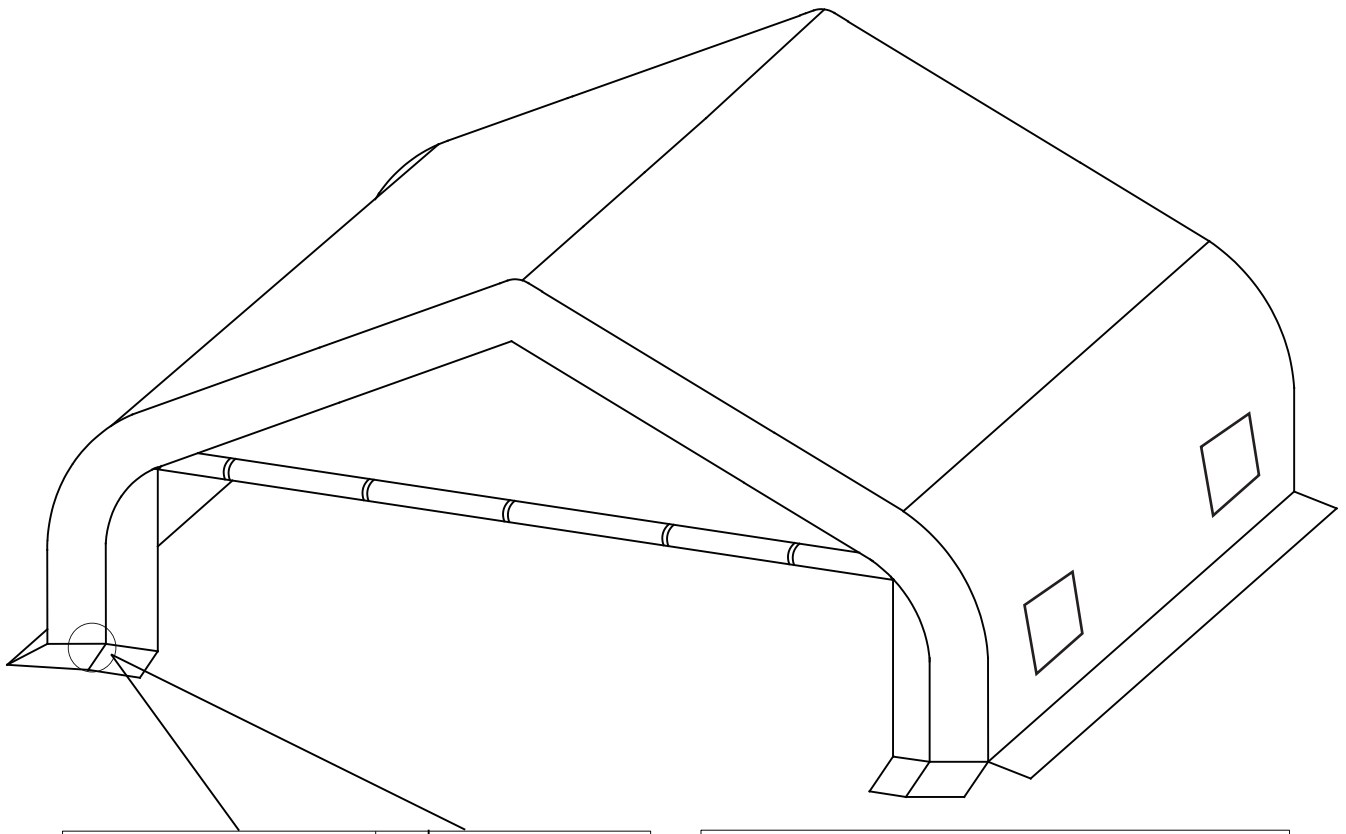

15

Confirm that the distance between A and B is 6 meters, and use 7-shaped ground nails or expansion screws to secure them to prevent collapse.

16

ATTENTION:

1. Please carefully check the manual to ensure you have received all the parts.
2. If anything is missing, let us know which parts you need by their letters.
3. If there is any damage, please send us clear photos. We will review them and provide you with the best solution promptly.
